Place to get bargains in this section of the country is at John I. Winter's the Price Fighter, Maysville, Ky. Our good ship was blown up by a Spanish bomb, which has aroused the patriotic spirit of all Americans residing in the sunny land of the brave, shaded by the waving folds of Old Glory. Another explosion of interest was that of the high prices heretofore prevailing in this section. Remember the date—January the 3d, in the year of our Lord 1898,—the Price Fighter opened in Maysville. Only three months since and "High Prices" have gone forever! Our good and magical sword—"Buy 'em right, add to per cent., sell 'em quick"—won the fight, and gratitude today fills the hearts of all the people. They all have a warm corner in their hearts for the Price Fighter, for he has already saved them thousands of dollars. Notice the happy, contented throng of bargain hunters filing in and out of our place all day long; stop and converse with one of them and they will tell you that John I. Winter is the people's friend. We court an investigation of our open method of business. We have no leaders, no baits, no catches of any kind. We make 10 per cent. on everything that leaves our house. We guarantee everything, both in quality and price.
